Taufik Ardi is the founder, lead trainer & consultant of Alta Perfecto Training & Consulting. He has extensive 15+ years of hands-on experience from various type of banks (local, state owned and also foreign) all of them are in the business of trade finance. He gained technical, strategic and leadership capabilities as a Trade Product & Business Development Manager. Within the last 8+ years of his career he worked with HSBC in different market regions including South-East Asia (Indonesia) & Middle East (Qatar).

He is very well versed in trade finance, supply chain finance & receivables financing (structured trade solution), commodity trade finance, standby LC & guarantees, export & import forfaiting, FI trade loan, trade risk participation and distribution topics. He has a vast range of experience which includes revamping & launching new products, establishing cooperation with insurance companies, reengineering business & operational processes, leading new initiatives & projects with the purpose of growing the banks business in a safe and sustainable way. With such experience it is expected that Alta Perfecto participants will be enriched with applicable/practical and comprehensive knowledge.

Taufik is currently preparing Alta Perfecto for international growth, establishing an association of Banker & Treasurer in Indonesia & planning for another start-up which focus on python for ML, AI & automation to grow business, reduce cost & increase efficiency in banking industry.

Syahrialdi Sikar (Aldi) has impressive of 13+ years of hands-on experience from HSBC and Standard Chartered Indonesia where his spent most of his career in transaction banking. His past roles includes handling high value clients, where he deliver cash management, supply chain and trade finance solutions for state owned enterprises, multinationals companies, medium enterprises and insurance companies.

He has led multiple cash management Request for Proposal (RFP) processes and provided extensive consultation services for client in transforming their cash management and supply chain finance structure. Aldi was also the team leader for three relationship management segments which gave him the ability to integrate cash management solution to relationship managers' revenue and liabilities target across different industries and areas.

Having taken the role as business planning manager, Aldi worked directly with the CEO in developing strategy and driving country agenda while overseeing process efficiency initiatives and cross function collaboration. This unique experience has allowed Aldi to understand the driving factor for management's goals and how solutions can be aligned to help achieve these targets. He believes that a consultative approach to solutioning leads to sustainable growth and stronger relationship between client and bank.

Aldi is currently building Mentor Inc., a mentoring platform that accelerate knowledge sharing for individuals and institutions.
